MINING NEWS

The Louisville and Marion Mining Co. strikes sulphide of zinc in the Florence mine.

The Blue & Nunn mines are about shut down.

The Blue & Nunn mines are about shut down.

The Ky Fluor Spar company, Blue & Nunn, and the Columbia Mining company now are in the mineral building at the World Fair.

C. H. Whitehouse, of the Louisville and Marion Mining Co. has arrived with his family and will occupy the Mrs. Frisbie cottage on Bellville street.

The Fairview mines are working a full force, day and night and are getting ready to make a large output of fluor spar at these mines.

The Senator mines, near Unionton, are working six days a week. Their shaft is now down 63 feet and very rich mineral covers the bottom.

The Maer-Little Mining company have started hauling timber and lumber on their Haywards place for the purpose of sinking their 250 foot shaft.

The Ky Fluor Spar company are working all of their mines six days a week. They are mining about 1800 tons of fluor spar per month.

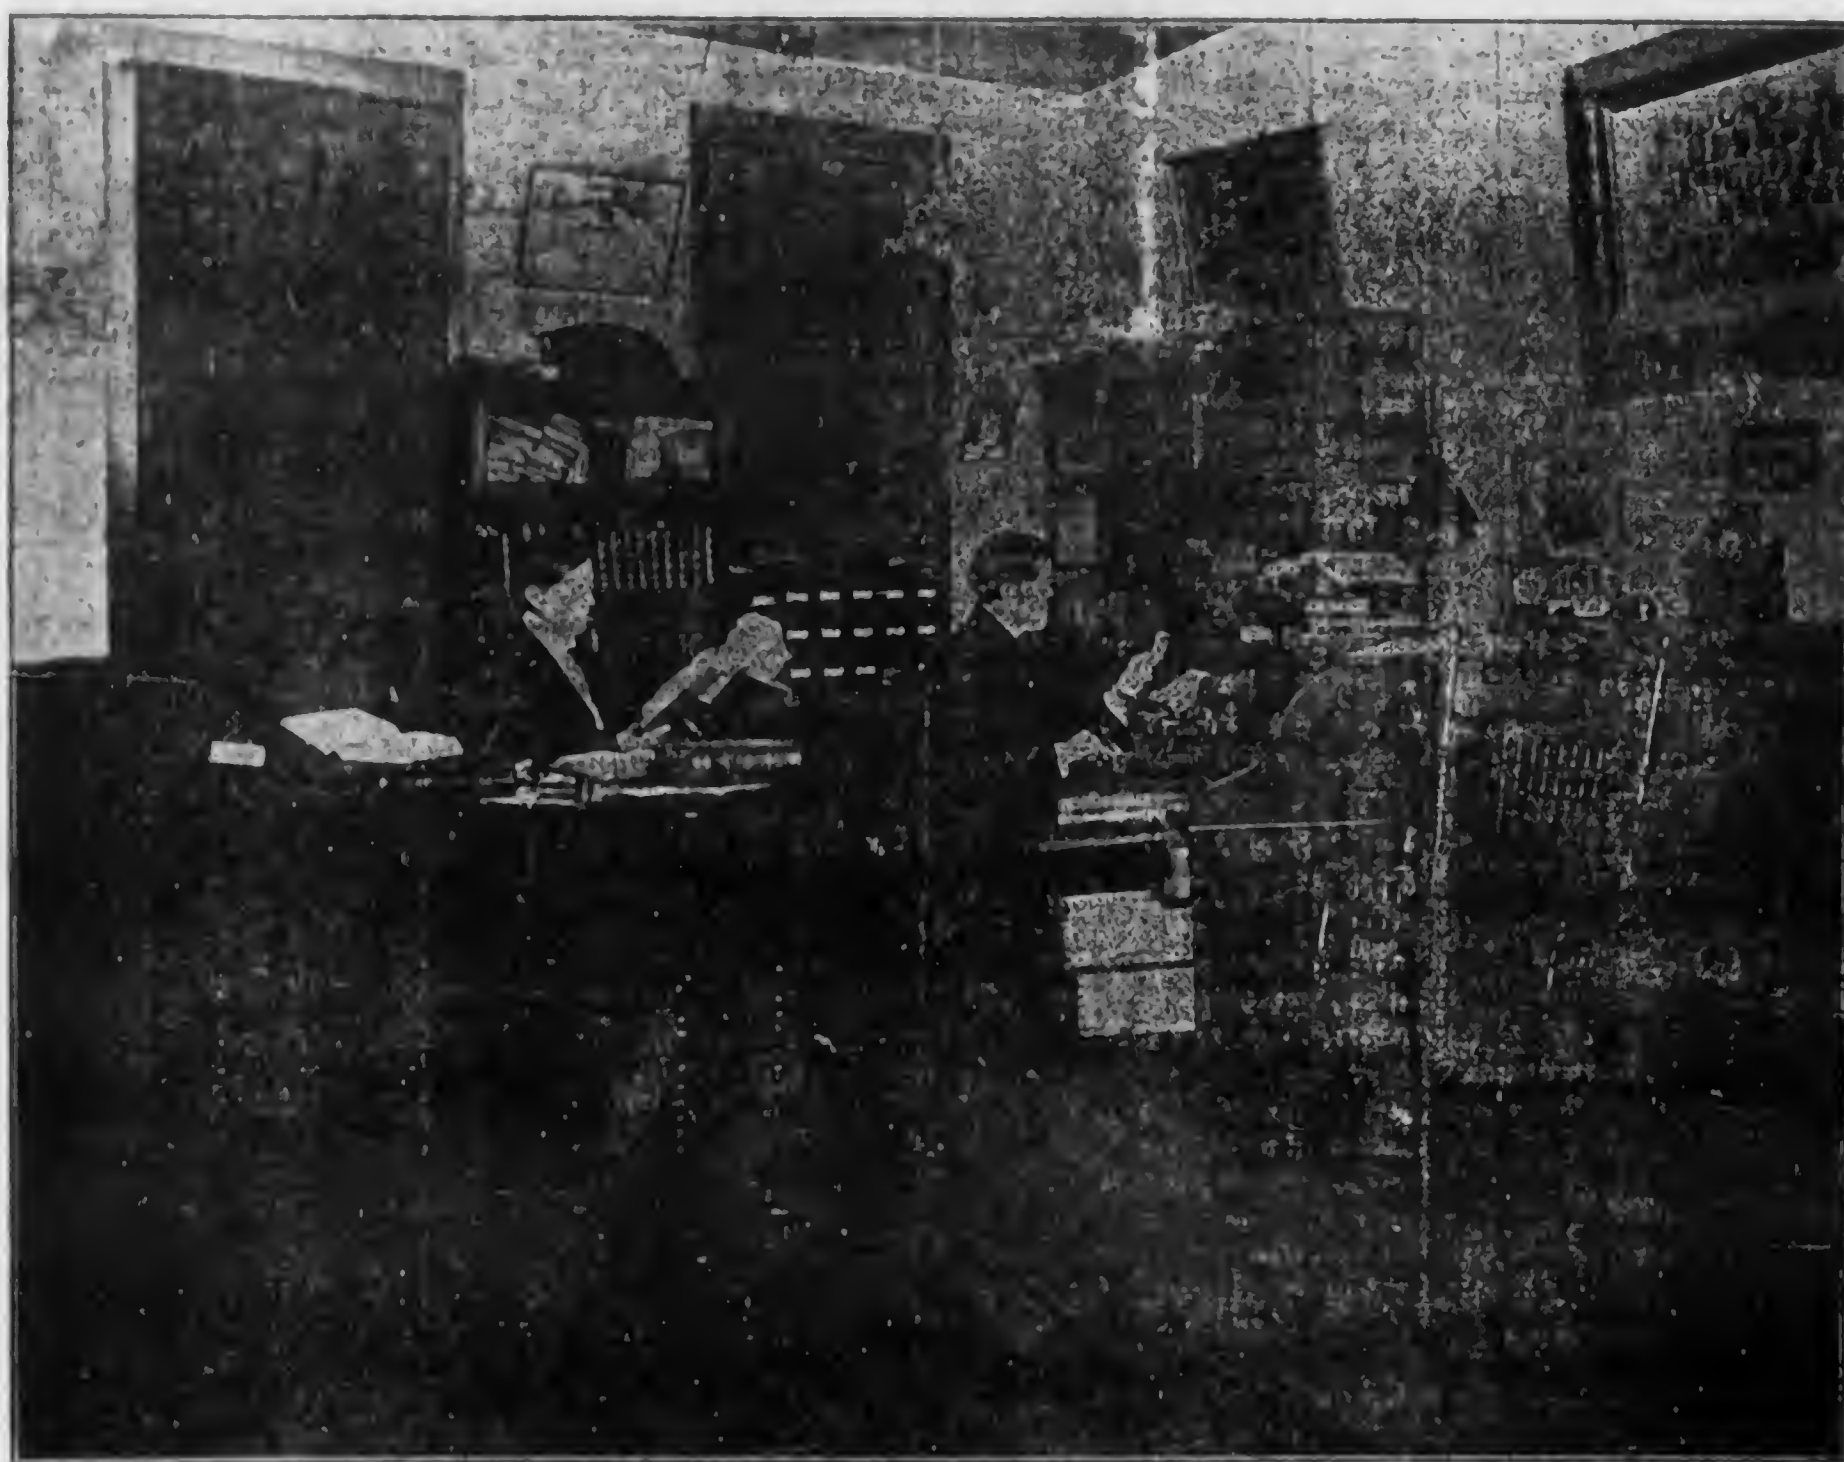

We understand Mr. Harry Watkins made an examination of the Fairview spar property at Rosi Claire, Ill. last week for some parties in New York.

Mr. Uren, the Supt. of Blue & Nunn's mines, has gone home to Wisconsin to fix up his farm. He will probably be back about the end of this month.

A survey for an electric railroad has been ordered made by parties interested in a road from the mines to the southeast of Salem, connecting with the I. C. R. R. The point of intersection has not been decided upon; We understand Mr. Fols is to make the survey at an early date.

ELEGANT OFFICES OF MARION'S TWIN LAWYERS.

Joe B. and Thomas W. Champion in the James Building on Carlisle Street—They are Able Lawyers and Enjoy a Good Practice.

The Champion Brothers are stepping into a fine practice in this county. They are studious, attentive, sober and discreet, and any business left in their hands will be expedited. Already they are recognized as among the representative firms of the city.

They were born near Hampton, in Livingston county, and located here three years ago. They are popular with all who know them numbering their friends in this and Livingston county by the hundreds.

The Pittsburgh Mining company have run out a level 20 feet from the bottom of their 100 foot shaft and have struck an 8 foot 6 inch vein of No. 1 grinding spar. This is on the Ebby Hodge property and on the Marion break.

The Marion Mineral company are working their Miller mines with a full force. Mr. Fred Clement tells us they are turning out a very fine quality of carbonate of zinc, and that their new machinery and washers are working very satisfactory.

Mr. Whitehouse of Louisville Ky., the Louisville and Marion Mining company's Secretary and Treasurer, moved to Marion Monday. That company have a nice

office in the new post office building. One of the company's mines the Ada Florence, is showing up fine; they have from nine to thirteen feet of spar and lead in the bottom of their shaft and the vein is still getting wider as they go down. This is considered to be one of the best spar mines in the district. The company have also struck spar on the Leander White place; this looks very promising, too. This company has only been organized a few months, but they are coming to the front very fast.

Supt. Drescher put his new tables into operation Tuesday morning, and they are doing excellent work. These tables are for the purpose of taking care of the fine zinc that runs out in the sludge. The company has been saving this

sludge for some months and have several hundred tons of it ready to go over the tables; this sludge carries about 10 per cent of zinc. Mr. Drescher also tells us that he drove back on his foot wall in the lower level and cut another 6 foot vein of lead and zinc. The Columbia mine is a world beater for rich mineral.

The Rosi Claire mines had an accident last week; some of their timbers broke that were loaded too heavy with waste and zinc, causing all their waste to fall on another section of timbers below that was already loaded, causing them to break and go crashing through another section of timber below, and landed in the bottom level, but fortunately no one was hurt. Capt. Thomas being a good hus-

ter and an expert miner soon got in new timbers and had the fall cleared away and got things in good shape on short notice. Capt. Thomas is mining about 40 tons of fluor spar per day, and about a thousand lbs of lead.

The injunction suit of the Pittsburgh Fluor Spar Mining and Manufacturing company, against Louis N. Martin, was tried in the circuit court yesterday and decided in favor of the defendant. The suit was brought by the company enjoining Martin from fencing up a couple of old roads leading from the plaintiff's mines across Martin's land, and asked that the court declare the old roads to be public roads. This the court refused to do, and dismissed the plaintiff's petition, dissolving the injunction.

The case was stubbornly fought on each side, and was of great interest to people of that part of the county where the roads are—Muliken.

The plaintiff was represented by attorneys Bush & Grassham, and the defendant by W. I. Clark and T. E. Butler. The case will be appealed.—Smithland Banner.

F. M. Baker, who some time ago purchased about 1500 acres of coal land between Olay and Whosecroft, extending on both sides of the I. C. R. R. for about two miles has just completed the sinking of his shaft, it being about 225 feet deep. He passed through two veins of coal, one being Nos. 11 and 12 at 85 feet, and being over 7 feet thick; the coal taken from this vein being of a very fine quality. The other vein was passed through at a depth of about 210 feet, this being the standard No. 9 coal. No. 9 coal is considered the best coal in Western Kentucky.

We understand that Mr. Baker contemplates beginning at once to drive entries preparatory to working the No. 9 vein on a large scale, placing nearly a mile of side track with a capacity of something like 15 to 20 cars per day.

This is considered about the finest coal field in the country on account of the two fine veins of coal, the large body of coal land, all being thrown together in a square, and he having sunk his shaft at about the deepest point, throwing nearly the whole coal field so that it can be worked up the dip, thus being able to keep the water out of the miners way, and to haul the loaded cars down grade, thus saving a big expense in handling, etc.—Dixie Journal.

Articles of incorporation for the Kentucky Development company have been filed in the office of the secretary of state. The business of the corporation is stated to be to "encourage individual and corporate enterprises and to acquire or to own stock or interest in same, or to sell or otherwise dispose of same, locate and promote industries for cities, towns, and communities offering special advantages or inducements, to acquire, purchase or lease, coal, gas, oil, or other mineral lands of any kind, and while the owner or lessee of such land, to cultivate or rent, or sublet for cultivation, such portions thereof as is suitable therefor, and to otherwise handle, control or dispose of said land as other owners or lessees may do, and to develop and operate

James Kevil left Sunday for St. Louis to attend the Fair. From there he will go to Denver, Col., to visit his sister, Mrs. D. E. Woods, thence to California to spend the winter in Los Angeles with his mother, Mrs. J. B. Kevil, and his sister, Miss Rose, who have decided to remain in that city on account of Mrs. Kevil's health.

Messrs. Nunn and Tucker have completed the remodeling of their building on West Bellville street, having transformed it from a lumber depository to a handsome furniture store, adding also concrete sidewalks in front and floor of like material through the building. They have removed their stock of furniture from the old building and added to the stock a large line of new furniture.

At a meeting of a large number of those interested in the Allen graveyard on August 20 the entire grounds were cleaned off and a neat wire fence was put around the yard. This old burying ground has been sadly neglected, but the neighbors and friends propose to keep it in better condition in the future. James Allen, E. R. Hill and J. H. Dean were chosen trustees to procure title and take control of the grounds.

A CONVICT'S CURSE.

Columbus, O., Sept. 16.—The death of C. A. Marden, electrician of the Ohio State penitentiary, has not the tongues of the superstitious wagging. On August 12 "Strangler" Alfred Knapp died in the electric chair after calling down all manner of curses upon his executioners. Two days later Warden Hershey, who turned on the deadly current, died suddenly and at the same time Marden was stricken with typhoid fever. He lingered until Sunday, but the superstitious gave him up long ago.

Emergency Medicines.

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good household remedy that is fast becoming a favorite if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and cures the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by Woods & Orme, Druggists.

WOODS AND ORME SUCCESSFUL.

Induced Dr. Howard Company to Make
Special Price.

After a great deal of effort and corres-
pondence Wood & Orme the popular
druggists, have succeeded in getting the
Dr. Howard Co. to make a special half-
price introductory offer on the regular
fifty cent size of their celebrated specific
for the cure of constipation and dyspep-
sia.

This medicine is a recent discovery
for the cure of all diseases of the stomach
and bowels. It not only gives quick re-
lief, but it makes permanent cures.

Dr. Howard's specific has been so re-
markably successful in curing constipa-
tion, dyspepsia and all liver troubles
that Woods & Orme are willing to return
the price paid in every case where it
does not give relief.

The old-fashioned way of dosing with
mineral waters, cathartic pills or harsh
purgatives will soon be a thing of the
past. The best physicians are prescrib-
ing Dr. Howard's specific because it
really gives the desired results and on
account of the small and pleasant dose
that is needed.

Headache, coated tongue, dizziness,
upset stomach, specks before the eyes,
constipation, and all forms of liver and
stomach trouble are soon cured by this
little medicine.

So great a demand for this specific,
Woods & Orme have been able to secure
only a limited supply and every one who
is trouble with dyspepsia, constipation
or liver trouble should call upon them at
once, or send 25 cents, and get sixty doses
of the best medicine ever made, on
this special half price offer, with their
personal guarantee to refund the money if
it does not cure.

GEORGE CATLETT DIED AT EDDYVILLE

Last Friday morning at 10 o'clock, after
a short illness of flux, Mr. George Cat-
lett, one of West Kentucky's best known
men, died at his handsome home on
"Mineral Mount Farm" between Eddy-
ville and Kettawa.

The deceased was forty three years of
age and a man of prominent in public
life. He was clerk of the branch pen-
itentiary at Eddyville, also president of
the Lyon county fair association, and in
addition a prosperous and wealthy land-
owner. He married some years ago a
Miss Powell, daughter of Governor Pow-
ell of Princeton, and leaves besides his
widow, one daughter and two sons. His
acquaintances here were not even aware
of his illness hence his sudden death
comes doubly shocking. Out of respect
to him the Lyon county fair discontinued
its meeting, although before his death
Mr. Catlett insisted that the fair be con-
tinued. His untimely death is sincerely
deplored here, where he numbered a
legion of friends.

MISS TRABUE SERIOUSLY ILL

Miss Letitia Trabue, daughter of Mrs.
Mattie Trabue, of 1214 First street, is
seriously ill of inflammation at her home and
physicians have given up hope of her
recovery. She became ill six weeks ago
and has not been able to take so little
nourishment since that time that her
strength has gradually passed away. Five
physicians have been in consulta-
tion in the case.

Miss Trabue has for several years been
connected with the business office of the
Courier-Journal and has many friends.
Her father was Robert Trabue.

Mrs. Trabue is a cousin of Mrs. R. W.
Wilson. Her daughter is a fine young
woman and much beloved.

GRADUAL DECLINE

This is the fate of sufferers from Kidney trouble, as the disease is so insidious that often people have serious Kidney trouble without knowing the real cause of their illness, as diseased kidneys allow the impurities to stay in the system and attack the other organs. This accounts for the many different symptoms of Kidney Disease.

You begin to feel better at once when taking

FOLEY'S KIDNEY CURE

as it stimulates the heart, increases the circulation and invigorates the whole system. It strengthens the urinary organs and gives you new life and vigor.

Chicago Business Man Cured

Foley & Co., Chicago, Gentlemen:—About a year ago my health began to fail, I lost flesh and never felt well. The doctor thought I had stomach and liver trouble, but I became convinced that my kidneys were the cause of my ill health and commenced taking FOLEY'S KIDNEY CURE. It increased my appetite and made me feel stronger, and the annoying symptoms disappeared. I am now sound and well.—J. K. Horn, 1354 Diversey Blvd., Chicago, June 11, 1902.

Cured His Wife

E. C. Watkins, sexton of the Methodist Church, Springfield, Pa., writes: "My wife has been very bad with kidney trouble and tried several doctors without benefit. After taking one bottle of FOLEY'S KIDNEY CURE was much better, and was completely cured after taking four bottles."

One Bottle Cured Him

A. H. Davis, Mt. Sterling, Ia., writes: "I was troubled with kidney complaint for about two years, but a one-dollar bottle of FOLEY'S KIDNEY CURE effected a permanent cure."

"YOUR MOTHER."

We have just received one of the most beautiful home songs that has of late come to this office. It is called "Your Mother," written by J. T. Rider. This is a song that every body ought to sing.

Dear friends can't you remember
Away back in your youth,
One face, one voice, one hand you loved
The one who blessed you morning, (last)
When from slumbers you awoke,
The one who lulled you evenings to your
Who was it told you stories (rest,
When you could not go out doors?
Who sang the songs that you loved best
Who was it found those toys for you
And read your picture books?
Who was it taught you wisdom year by year?

Chorus

Why your mother, your own mother,
Such affection could come from no other
In sunshine or rain, in pleasure or pain
The one you loved best was your mother.

Have you preserved these memories
All thro' your after life,
And fully paid the debt you surely owe,
Have you always cared for mother,
As mother cared for you,
As mother cared for you,

Look well into your hearts, my friends,
And tell me if you can
That you have paid her all the reverence
Due?

For tho' the world forsake, you friends,
And everything is left,
Who is it that will still have faith in you?

A BAD BOY MADE GOOD

Indianapolis, Ind., Sept. 15.—Jesse Beard, fifteen years old, a supposed in-carnigalis, who was about to be sent to the Reform School, has become a model of behavior. A Probation Officer found a dent in the boy's head that was due to a fall. A surgical operation disclosed that a bony growth was pressing on the brain, and since the removal of this Beard's nature has changed completely.

Dragging Pains

2825 Keeley St.,
Chicago, Ill., Oct. 3, 1902.
I suffered with dragging and con-gestion of the womb, with severe pains through the groins. I suffered terribly at the time of men-struation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Maudie Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

DEMOCRATIC TICKET

For President,
JUDGE ALTON B. PARKER
Of New York

For Vice President,
HON. HENRY C. DAVIS
Of West Virginia

For Congress,
OLLIE M. JAMES

Governor Beckham and Congressman James will stump the State, opening the campaign at Frankfort next Monday week.

Becoming somewhat febrile in their faith in the election of President Roosevelt, the Republicans will bend every effort toward securing such a majority in the next Congress as will override a veto and tie the hands of a Democratic President. With such a majority President Parker would be shorn of all power to reform existing abuses.

The two political parties in this county seem as yet to be unaware of the fact that a Presidential campaign is now in full swing, if we may judge from the apathy of the people on both sides. Why is this? Have they lost all interest in the affairs of the Nation and come to the dangerous conclusion to leave politics to the professional politicians? Wake up, boys, and show that you are men—men who know your rights, and knowing dare maintain them.

Hon. Samuel Pugh has been nominated by the Republicans in the Ninth district to oppose Hon. James N. Kehoe the present congressman. This is one of the Kentucky districts that Captain

Prince Herbert Bismarck killed on his estate in Germany on the morning of the 18th. He will be remembered as the distinguished son of Count Von Bismarck, the "Iron Chancellor." He has played an important part in German politics and held several positions of trust under the empire.

Capt. C. T. Allen, of Mexico, Mo., will shortly begin the publication in that city of the "Southern Sentinel," a monthly magazine devoted mainly to Southern history. Capt. Allen was formerly connected with journalism in Princeton, Ky., and will be remembered as a brilliant and graceful writer. He has many friends in Marion who heartily wish him God speed to his new venture.

The trial of El Callahan and B. F. French, just closed at Mt Sterling, resulted in their acquittal. The two men were charged with subornation of perjury in connection with the Jett-White murder trial at Jackson. This trial has attracted considerable attention throughout the State. The jury on the Callahan trial stood eight to four for acquittal. They declined to state by what means a verdict was finally reached after deliberating for seven hours.

Judge Clifton J. Pratt, of Madisonville, will locate in Oklahoma. The departure of Judge Pratt for the west will be a serious loss to his community, to the bar and to the State at large. He is a courteous and scholarly gentleman, well versed in the law, suave and fascinating in personal intercourse, and should he decide to enter the political arena in his new home we would not be surprised to see him representing Oklahoma in the halls of Congress at no distant day.

Additional Locals.

James Howerton brought to the Press office some beautiful pencils, also some fine postcards which he says he grew with out being worked while he was visiting in Paducah. They are fine and show that the Good Man was looking after his garden while he was visiting his grand ma.

Mrs. Carrie Debes, wife of Albert Debes, died Monday afternoon of typhoid fever at her home near Triana. She was a daughter of J. H. Young, a man of Rufus Ford of Craymoor country, and a grand daughter of Mrs. Young of this city. She leaves behind her two sons and one daughter, a baby one year old.

Mrs. W. B. James and Miss Emma Alexander, Bernice, Monte and baby left Tuesday for Pomona, California to visit. Mr. James went there last April.

Obituary.

Henry R. Deery, son of John W. and Sarah J. Deery, was born Jan. 11, 1874. He passed this life Sept. 3, 1904, and was buried at Olive Branch cemetery, in Hopkin county, aged 28 years, seven months and twenty-two days.

Just blooming into full manhood, with bright prospects spread out before him, he heard the call of that Grim Messenger who waits no man's behest. Yet the summons found him ready to obey the call.

He professed religion and joined the Missionary Baptist church at Olive Branch, near Hanson, Ky., in 1892, since which time he has lived a consecrated, Christian life. In 1901 he transferred his membership to Repton, of which church he was a member at the time of his death.

His upright, Christian life and amiable disposition endeared him to all who knew him and he counted his friends by the number of his acquaintances.

He was married to Miss Emma E. Thompson Dec. 22, 1901, who, together with his father, mother, four children and six brothers, survives him.

YANDELL-GUGENHEIM COMPANY.

October 3d the Democrats will open the campaign in Kentucky all along the line. It is high time the boys were waking up to the gravity of the situation.

The Republicans of New York have nominated Hon. Frank W. Higgins as their candidate for Governor. This is a triumph of the Odell wing of the party and a knockout for Tom Platt.

Dr. W. Godfrey Hunter is reported to have said that if he is defeated for the congressional nomination he will make disclosures that ought to land in the penitentiary some men in high places. Nice gang, those Eleventh district Republicans.

At Covington, special Judge W. H. Mackoy has declared the present registration law of this State, which requires every voter to have a certificate before being allowed to vote at a regular election, unconstitutional, because of the fact that it "puts limitation on the voter's right of suffrage." To the Press the point seems not well taken. The matter now goes to the Court of Appeals and an early decision may be looked for.

Ernst proposes to capture from the Democrats, and as Mr. Pugh refused to accept the nomination a deal assured that a fight to win was to be made in that district by the Republicans, the supposition is he was given that assurance. Evidently the Republicans of this State intend confining their fight to the three close districts—the Third, Fifth and Ninth—and in those three districts they will make a fight to the finish. Let them be met at all points.

The latest news from the eastern war is that Marshal Oyama has been heavily reinforced and has begun a forward movement against Kuropatkin, with a view to turning his flanks and doubling him up in the center. It is stated that the Mikado has ordered Oyama to crush Kuropatkin, and has sent him 100,000 fresh troops and 120 additional guns and has begun mobilizing the Japanese reserves. Indications point to a big battle at or near Mukden in a few days. The present position of the Japanese forces is completely screened from the enemy by a strong line of outposts.

Chairman Ernst, of the Republican State committee, makes the assertion that his party intend to capture the Third, Fifth and Ninth Kentucky Congressional districts and thus add three members to their Congressional delegation from this State. Doubtless a heroic effort will be made by the Republicans to make good this assertion and many thousands of dollars placed where they will do the most good. At any rate it might be as well for the Democrats of those districts to watch the corners, and see that no "sculduggery" is on the carpet. It is no secret that the Republicans of this State have raised an unusually large campaign fund, and by means best known to themselves, and as they can have no hope of carrying the State, it is but reasonable to suppose that the larger portion of this money is to be used in the above named districts, hence an over confidence might prove fatal. "The price of liberty is eternal vigilance."

Democrats, don't fail to register on the first Tuesday in October.

and is doing well and wrote for Mrs. James to sell out and follow him. Henry Haynes and Roy Gilbert bought the property.

Circuit Clerk Asher and Henry Haynes have been remodeling the interior of their office, giving it a more pleasing and up-to-date appearance as well as adding to its conveniences. These gentlemen are the first of the court house officials to put up electric lights in their office. They do this, by the way, at their own expense.

H. P. Jacobs was and seven children S. D. Jacobs wife and five children and Miss Annie Crayne, all of the Crayneville vicinity left Tuesday afternoon for North Yakima, Wash. In all seventeen persons were in the party. The Jacobs brothers will locate somewhere in the Yakima Valley, and will make that their home. Crittenden county is the loser by such departures. The Jacobs boys are good substantial citizens and we commend them to our sister state of the North West. We hope they will succeed in their new adopted home.

L. H. James, of Marion, father of Congressman Ollie M. James, was at the Willard Hotel last night. He was in company with Judge James D. White, of Barlow, formerly one of the Judges of the Court of Appeals. Both Mr. James and Judge White looked upon the situation in the First district in the most rosy light. Mr. James says that he knows only one Democrat in his county who is not tooth and toe nail for the ticket. When asked what his mission in Louisville is, Mr. James said: "My ostensible mission is to get a new suit of clothes. I may take a duck or two while I am here, too."

"Do you have to come to Louisville to do that? Is Marion a dry town?" his companion asked, in a breath. "Oh, no; not that," replied Mr. James. "Mrs. James lives there."—Monday's Courier Journal.

A PASTOR'S WIFE CURED OF PELVIC CATARRH
She Suffered for Years and Felt Her Case Was Hopeless—Cured by Pe-ru-na.
MRS. ANNA B. FLEHARTY, recent Superintendent of the W. U. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.
In a letter written from 411 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:
"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.
"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.
"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.
What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female diseases.
Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal infection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Everywhere the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female disease.
Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these cures simply by using and recommending Peruna.
Mrs. Esther M. Milner, Deshler, Ohio, writes:
"I was a terrible sufferer from female weakness and had the headache continually. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.
Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:
"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.
If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Mrs. Anna B. Fleharty.

DEATH OF MRS. EMILY DAVIS.

We copy the following from the Paducah News-Democrat:

After a long and useful life Mrs. Emily Davis, one of Paducah's most prominent women, died at 1 o'clock this morning, at the home of her daughter, Mrs. W. H. Sanders, Gray Gables, in Aroard. Mrs. Davis had not been well for some time, and had been especially weak for the past two days, but her death was rather sudden, and was the result of heart disease. The end was very peaceful. She simply fell asleep.

She was born in Calloway county in 1821, being at the time of her death 77 years of age. She was married in Smithland, Ky., when 15 years of age to T. M. Davis, who died many years ago; she came to Paducah to reside almost ten years ago, but had spent much of her time, since coming here, in Smithland, which was always home to her. She left two children, C. B. Davis of Smithland, and Mrs. W. H. Sanders, of this city. The late Dr. F. T. Davis, one of Paducah's leading physicians, was her son. A number of grandchildren survive her. They are Dr. Lillard Sanders, Will, Thomas and David Sanders, Mrs. Hughes McKnight, Miss Sarah Sanders, Frank Davis, Miss Martha Davis and Cade Davis and Mrs. Kate Love, of Smithland, and Mrs. Katie Ellis Hughes, of this city.

Mrs. Davis joined the Methodist Church when 17 years of age, and was a beautiful christian character. Charitable to the poor and kind and considerate to those in her presence, she was a practical christian. She was every ready to support all the interests of her church, and while not narrow was very loyal to the denomination to which she belonged. Until her death failed her place in church, she seldom vacant, and she was a constant inspiration to all with whom she came in contact. Although living quietly for the past years, she continued her good work and her life of love and help to humanity. She will be greatly missed, not only in her family, who were devoted to her, but to many others who were familiar with her sweet, gentle and kindly ways.

The remains will be taken to Smithland Sunday morning at 10 o'clock for burial. A boat has been chartered and a number of Paducah people will accompany the body to Smithland. The funeral will be held there. The interment will be at the historic cemetery.

More Riots.

Strikes of strikers are not nearly so grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by intestinal trouble, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective remedy, and the greatest all-around medicine for run-down systems. It dispels nervousness, Rheumatism and Venereal and exerts Malaria germs. Only one, and satisfaction guaranteed by Woods & Orme, Druggists.

OBITUARY.

It has pleased Almighty God in his mysterious providence to visit the neighborhood of Mattoon and to remove by death one of its most estimable young men. Frank Hughes, son of Lossen and Nancy E. Hughes, born March 22, 1877, died Sept. 3, 1904.

Frank was an exceptional young man, kind and obliging to all who asked for help. While he was not a member of any church, yet his outward life was equal to the average church member. He was a true member to the Methodist church, South, the church of his faith, contributing liberally of his means to its support.

Frank was loved by all who knew him. He was a member of the Sunday school, and he often taught a class.

He leaves a kind mother, loving sister and brother, and a host of friends to mourn.

The funeral service was conducted by the writer in the presence

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

of a large concourse of sorrowing friends, after which we laid his body to rest in the cemetery at Mt Zion to await the resurrection morn.

We shall sleep, but not forever. There shall be a glorious dawn. We shall meet to part, no never. On the resurrection morn.

IN MEMORIAM.

On the 30th of August, 1904, Mrs. Melville Glenn Bennett departed this life at her home in Smithland, surrounded by friends and devoted loved ones.

Mrs. Bennett was an excellent christian lady, devoted to the church of her faith, and liberal in her views and associations with other churches, a devoted child and sister, a true friend and a thoughtful neighbor, which made her a person to be admired; one who was useful to society and the church, whose loss is universal to the effort for good in the circle of her acquaintance.

She was kind and thoughtful, an ornament to the social circle in which she moved.

As a member of the organization and as its Secretary she was faithful, consistent and dutiful; therefore—

Resolved, by the "Woman's Missionary Society," that in her death this organization has lost a valued and valuable worker, each member thereof a true friend, her husband a fond and affectionate wife, her mother a dutiful child, society a charming and valuable member, the church an earnest christian worker, and the world a noble, true woman.

Resolved, further, That this testimonial of our love and respect be spread upon the minute book of this organization, a copy thereof be directed to the husband, mother, and sisters of the deceased, and a copy sent to the Livingston Banner for publication, and a copy be forwarded by the acting Secretary to the Crittenden Press, Western Recorder, and Baptist Argus for publication also.

Mrs. Mary B. Smith,
Mrs. Carrie Grassham,
Miss Bettie Clement,
Committee.

LETTER FROM ARKANSAS.

PITTS, ARK., Sept. 12.—Editor Press: I am a subscriber to your paper and thought I would write you a few lines.

Crops are pretty good here; we raise pea hay corn and cotton and almost every kind of vegetables. We want to raise lots of cattle and hogs; land is pretty fair and cheap.

We have some game here, such as quail, squirrels, coons, turkeys, deer, wildcats, wolves and panthers etc. Deer and turkeys feed on our pens at this season of the year. We have pretty good schools and lots of churches; Sunday school every Sunday.

Timber working is the order of the day at present. Cutting and hauling logs, tie making. Some of the Kentucky boys are here at work.

We are sorry to have to pen the news of the death of J. M. Wilson who died here at the home of T. A. Wilson, near Pitts. They removed from Kentucky, near Baker school house to this place last spring and died here last week, he was about seventy-three years old.

Yours truly,
Nate Wilson

Young Girl's Balloon Ride.

New Haven, Sept. 20.—Miss Mabel Kent of Shelton, Conn., stepped out of the crowd at the Orange fair yesterday as a professional aeronaunt was preparing to sail skyward in his balloon.

"I should like to go up with you," said Miss Kent. The aeronaut was willing and Miss Kent was strapped to a parachute belt and her wrists strapped to the trapeze in which sat. As the balloon soared upward Miss Kent lost her seat on the trapeze and dangled by her wrists.

Her skirts prevented her from regaining her place on the trapeze. The aeronaut bade her be calm, but saw that it would be impossible to allow her to drop in the parachute, as he had intended to do. The rope leading to the balloon valve dangled beyond the reach of the aeronaut.

The balloon rose to an alarming height. The crowd watching had seen Miss Kent fall and realized her peril. The aeronaut eventually reached the valve rope and he and Miss Kent descended together in the balloon, the young woman landing in a tree where she was obliged to climb down to the ground. Miss Kent was not dismayed by her adventure, and says she will go again, and the next time she will be dressed more suitably.

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElpheny, Linton, Iowa. You will find this remedy a good friend when troubled with a cough or cold. It always affords quick relief and is pleasant to take. For sale by Woods & Orme, Druggists.

ONLY A DREAM.

Lancaster, Ky., Sept. 20.—Arthur Thompson, twenty-seven, a well known young farmer of Bettus, this county, while dreaming that the house was on fire, ran to a window and jumped out, falling a distance of fourteen feet, striking a pile of rock where a cistern had just been dug, breaking his right arm, fracturing his left knee and probably dangerously injuring himself internally. He, as well as two brothers, is afflicted with somnambulism, and it is said they have been frequently caught roaming over the farm while they were asleep.

It Saved His Leg.

P. A. Danford of LaGrange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Bucklin's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by Woods & Orme, Druggists.

SHOT FROM A CANNON.

At the fair at Tuscola, Ill., last week, Joseph Eisele, of Louisville, Ky., was almost instantly killed while descending in a parachute. Eisele had ascended in a balloon, and when at the height of 200 ft. was shot from a cannon; he caught in the top of a tree when near the ground and fell one hundred feet, his neck being broken. He had a family in Louisville. The thrilling episode was witnessed by many thousands of people.

Telephone Girls in Germany

The four thousand telephone girls in Germany are Government employees. Each must be of good character and live in a respectable family. The pay is 53½ cents a day, with an advance of 15 cents in two years, and those four years in service receive 71 cents a day. Applicants for these positions usually have to wait two years for an opening.

Tragedy Averted.

"Just in the nick of time" our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well. Everybody ought to know it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Woods & Orme, Druggists. Price 50c and \$1.00. Trial bottles free.

Deepest Sounding.

The deepest sounding that was ever made by any vessel was by the United States ship Nero, on the Honolulu-Manila cable survey. When near Guam the Nero got 5,200 fathoms, or 31,611 feet, only 65 feet less than six miles. If Mt. Everest, the highest mountain on earth, was set down in this big hole, it would have above its summit a depth of 2,812 feet, or nearly half a mile of water.

Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masturate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Woods & Orme.

VIOLATED CONTRACT

We learn that a suit has been filed in the circuit court against the Cumberland Telephone and Telegraph Co., by the City of Hickman, for two thousand dollars damages, alleging that they are violating the terms of their franchise, originally granted to the Chowning & Wright Co. It is charged that their franchise requires them to give free service to Clinton, Paducah, Mayfield and nearby towns, to their subscribers and they only give the free country service.—Hickman Courier

MRS. MOLLOY SUES.

BRYAN OPENS CAMPAIGN

Denver, Col. Sept. 15.—Wm. J. Bryan opened the Democratic campaign in Colorado with a ringing speech at Colorado hall tonight. Hundreds were unable to gain entrance into the hall.

Mr. Bryan dwelt at length on what he termed the policy of militarism of the Republican party, which was not influenced alone by imperialism, for he maintained that the strengthening of the army was as much for the purpose of aiding capital in enforcing its demands against labor as anything else.

He characterized President Roosevelt as a dangerous man because of his love of power and war like demonstrations, and asserted to be at the head of a nation that wanted to be great in moral force and not physical force.

"You ask me, a believer in free silver, how I can bring myself to support a man who favors a gold standard. I say that I love peace and the gospel of peace more than I love either gold or silver."

The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revitalize the tired and run-down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by Woods & Orme.

An Apoplectic Stroke

Calix, Sept. 15.—As the closing argument in the Wilks murder case was being made this afternoon, Judge Fenton Sims was stricken with apoplexy. Medical attendance was at once summoned but physicians are unable to determine whether his condition is serious or not.

Judge Sims is one of the foremost lawyers and jurists of Western Kentucky, and has represented his district in the Kentucky State Senate.

Buys His Own Coffin.

Vancouver, B. C., Sept. 17.—An Indian chief at Bella Bella, and down to a hotel from a short time ago an order for a coffin. From another firm he ordered a keg of gunpowder. The keg of powder was taken into the chief's house and carefully placed under the chief's bed.

During the night the inhabitants of the vicinity were startled by a terrific explosion and rushing out they found the chief's house had been blown to atoms. Small fragments of the body of the chief were found in the debris. It is thought to have been a case of suicide.

A Power For Good.

The pills that are potent in their action and pleasant in effect are DeWitt's Early Risers. W. S. Philpot, Albany, Ga., says: "During a big attack I took one. Small as it was did me more good than calomel, mass or any other pill I ever took at the same time the effect was instant. Little Early Risers are certainly an ideal pill." MINING NEWS.

(CONTINUED FROM FIRST PAGE.)

ate mines, or sell, lease or sublet or otherwise dispose of mineral rights or mines.

The principal place of business is to be in Owensboro and the capital stock is \$50,000 divided into five thousand shares of the par value of \$10 each.

The following are the incorporators:

Edward W. Smith, James H. Parrish, B. H. Poindexter, D. Stewart Miller, A. L. Parrish, William F. Kotes, W. Q. Adams, J. T. Trillith, H. K. Cole and H. C. Powers.

FINE DISPLAY IS MADE.

R. F. Dorr is making a fine display of the minerals of this county in an oak frame. It is in lines each line representing a different mineral and the letters are made of the mineral in black and ground glass of the same color.

The word "Coal" is made of tiny blocks of coal, from Horace Sayre's mine.

The word "Lead" is made of clumps of this material found in this county at the Ky Fluor Spar company's mines.

The word "Zinc" is formed of nuggets of Old Jim Product.

The word "Copper" is also formed of mineral of that type also found in this field on the Wilson Mining company's property.

And the words "Fluor Spar" are likewise formed of bits of that material which has done so much to make this field famous. The foundation of each word is covered with ground metal of same color, tracing color from word which rests on it.

The display is well gotten up and is a credit to the Kentucky Fluor Spar company's President, C. S. Nunn, and H. H. Sayre, who are getting it up to send to St. Louis to put in the coming exhibit of the World's Fair.

It is now on display in Yandell Co., between City and Leno.

Last week J. E. Wright, of the State Geological Survey, and a party of civil engineers and geologists began an expert examination of the mineral resources of West Christian, between H. H. Sayre and Gregory. The Overy short, which is being done with fine prospects, by the Gregory mining company, is the starting point of the survey. The party last week followed a promising vein seven miles in Trigg county.

Mr Wright is enthusiastic over the outlook for rich discoveries in Christian county, and predicts that the local field will become as famous as the Joplin district, where he was situated several years. According to Mr. Wright, the deposits of lead and zinc in the county are unsurpassed anywhere in the State.

Mr. F. Julius Fols, engineer for the Marion Zinc Co., leaves to day for the World's Fair at St. Louis. While there he will attend the St. Louis sessions of the American Institute of Mining Engineers, to which he belongs. The American Institute of Mining Engineers is the largest body of mining engineers and those of allied professions in America. It will hold sessions this year at Duluth, Minn., where the iron deposits of the Mesabi and other iron ranges of the Lake Superior district will be studied. At Broughton and Ishpeming, Mich., further sessions will be held, and at the former place the copper deposits of the same district will be studied. The sessions will be concluded at St. Louis, where a number of papers on the mining and metallurgy of the lead and zinc deposits of Missouri will be read as well as other papers of interest.

The Marion Zinc Co will receive this week a 16x36 Bass boiler, of 100 horse power, to be installed

by the side of their 80 horse power at the Riley Mill.

The Louisville and Marion Mining Co have struck "galena" (lead) in the old Florence mine of their widow Frank's lease. The company has been exceedingly fortunate in this property, and soon will be taking out lead in large quantities.

Our New Salem correspondent writes:

The roads are full of wagons day and night hauling fire clay. Everything in mining circles around this section is quiet this past week. The knowing ones are quietly securing all the good proportion. Mark what we say, inside of two years this section will be the Joplin of Kentucky, as far as minerals go.

Mineral Land for Sale.

I have a tract of 100 acres of land about 3 1/2 miles from Clayneville, on Clayhook creek, and crossed by the Marion spar and zinc lead, with developed mines on the lands of T F White and Eldon Hodge, each side of me, and the vein runs through the center of my tract. I wish to sell it at a fair price and will give 10 to 20 days to prospect same, 50 acres of the land is good farming, balance is in good oak and poplar timber, and rough, will sell at \$18 per acre. I have a fine show of mineral and fine haul to R R.

FINE DISPLAY IN FRAME.

R. F. Dorr is making a fine display of the minerals of this county in an oak frame. It is in lines—each line representing a different mineral and the letters are made of the mineral in black and ground glass of the same pulverized and used in constructing each one.

The word "Coal" is made of tiny blocks of coal, from Horace Sayre's mine.

The word "Lead" is made of chunks of this material found in this county at the Ky Fluor Spar company's mine.

The word "Zinc" is formed of nuggets of Old Jim Product.

The word "Copper" is also formed of mineral of that type also found in this field on the Wilson Mining company's property.

And the words "Fluor Spar" are likewise formed of bits of that material which has done so much to make this field famous. The foundation of each word is covered with ground metal of some contrasting color from which which rests on it.

The display is well gotten up and is a credit to the Kentucky Fluor Spar company's President, C. S. Nunn, and H. H. Sayre, who are getting it up to send to St. Louis to put in the mining exhibit of the World's Fair.

It is now on display in Yandell, Goehheim Co's window.

Last week J. E. Wright, of the State Geological Survey, and a party of civil engineers and geologists began an expert examination of the mineral resources of West Christian, between Hopkinsville and Gracey. The thereby chart, which is being sent with fine prospects, by the tinney mining company, is the starting point of the survey. The party last week followed a promising vein seven miles in Trigg county.

Mr Wright is enthusiastic over the outlook for rich discoveries in Christian county, and predicts that the local field will become as famous as the Joplin district, district, where he was stationed several years. According to Mr. Wright, the deposits of lead and zinc in the county are unsurpassed anywhere in the State.

Mr. F. Julius Fols, engineer for the Marion Zinc Co., leaves today for the World's Fair at St. Louis. While there he will attend the St. Louis sessions of the American Institute of Mining Engineers, to which he belongs. The American Institute of Mining Engineers is the largest body of mining engineers and those of allied professions in America. It will hold sessions this year at Duluth, Minn., where the iron deposits of the Mesabi and other iron ranges of the Lake Superior district will be studied. At Boughton and Ishpeming, Mich., further sessions will be held, and at the former place the copper deposits of the same district will be studied. The sessions will be concluded at St. Louis, where a number of papers on the mining and metallurgy of the lead and zinc deposits of Missouri will be read as well as other papers of interest.

The Marion Zinc Co will receive this week a 16x36 Bess boiler, of 100 horse power, to be installed

by the side of their 80 horse power at the Riley Mill.

The Louisville and Marion Mining Co have struck "sulphide of zinc" in the old Florence mine on their widow Franks lease. This company has been exceedingly fortunate in this property, and soon will be taking out Jack in large quantities.

Our New Salem correspondent writes:

The roads are full of wagons day and night hauling fire clay.

Everything in mining circles around this section is quiet the past week. The knowing ones are quietly securing all the good properties. Mark what we say, inside of two years this section will be the Joplin of Kentucky, up for as minerals go.

Mineral Lead for Sale.

I have a tract of 100 acres of land about 3 1/2 miles from Crayneville, on Clayhook creek, and crossed by the Marion spar and zinc lead, with developed mines on the lands of T F White and Ebbie Hodge, each side of me, and the vein runs through the center of my tract. I wish to sell it at a fair price and will give 60 to 90 days to prospect same; 100 acres of the land is good farming; balance is in good oak and poplar timber, and rough, will sell at \$18 per acre. I have a fine show of mineral and fine haul to R. R.

BIDS REJECTED.

Although the ten per cent bonds to run 12 years and of the \$200 denomination each which were sold by the Marion Graded school district last Monday brought a premium of 25%, the trustees decided to reject the bids and resubmit the bonds for sale on Saturday, Oct. 1, next.

Monday afternoon's bidding was very small. When first reported, only two bidders were in evidence, J. W. Blue, Jr., buying \$1000, and S. M. Maxwell \$400 of the bonds at \$102 average. Total of the ten bids being \$6,100. The bonds were then offered as a whole and after a weak contest were knocked off to P. S. Maxwell at \$2,100 which was promptly declared by the board as were all other bids. The bonds will be offered again as stated before on Saturday Oct. 1, next.
